

## CEPC Green Sheet 06/07-11

At the April faculty meeting CEPC will move that the 7-day rule be waived and the following change to a new Physics course be approved.

**Proposal:** Physics 292:Short Topics in Physics will be renumbered Physics 392.

**Rationale:** Physics 292 was approved by the faculty at the March meeting, but the intention of the Physics department was to offer the short topics course at Level III. CEPC and its New Courses Subcommittee support the renumbering.
