

ACPB Minutes:

November 17, 1998

Present: Lembke, Roberts, Jacobel and Robinson

Approval of minutes from the November 10th meeting pending expanded section on storage and retention of e-mail messages and the potential legal reasons for and issues involved in the storage of messages.

Business

- Fall computing requests were reviewed and approved. Fall computing requests were up significantly. Once again, Roberta Lembke has done a remarkable job of allocating the college's computing resources wisely and judiciously across the entire faculty and labs.
- The campus software and courseware development ownership statement with regard to copyright was rewritten by Anthony and distributed. This will be addressed at the next meeting.
- Mailing lists continued to be discussed. A statement concerning etiquette of e-mail and mailing list postings will be written by Roberta for distribution.

Agenda items:

- Campus Software and development copyright statement
- Statistics on student ownership of computers.
- Miscellaneous
