

Minutes of November 25, 1997 ACPB Meeting

Present: Becker, Cederberg, Lembke, Robinson

Mailing Lists:

Roberta updated ACPB members on the recent misuse of the major mailing lists and the resultant necessity of temporarily shutting down these mailing lists until they can be reactivated as monitored lists. Roberta has sent an e-mail explanation to all department chairs but will also send an explanation to other faculty. The ACC will also send out another reminder about the appropriate use of the stolaf-faculty and stolaf-staff mailing lists.

Equipment Requests:

The remainder of the meeting was devoted to considering the equipment requests for academic departments and offices and for labs. Once again, Roberta was commended for her excellent allocation of resources.

Judy Cederberg, recorder
