**Approved May 6, 1997**

**Present: Becker, Cederberg, Lembke, Robinson**

**Learning, Teaching and Technology Mentors:** Much of the meeting was spent discussing a first draft of a job description for mentors who will assist their faculty colleagues with the use of technology in learning and teaching. Roberta will circulate a revised draft for reactions from ACPB members and then discuss it with Dean Pence.

### **ACC Staff Reorganization:**

Roberta reported that ACC staff members are rethinking their roles in the ACC with her encouragement. There will be some shifting of responsibilities to increase the efficiency of the ACC. When the details are determined, they will be reported in the ACC Newsletter.
