

Faculty Development Committee

Meeting of October 2, 2001

Present: Beld, Cole, Klopchin, Ostebee, Peters

Announcements and Reports:

Linda Gregerson is looking into documents we requested, and is ready to post the new dates we will supply for grant proposal deadlines.

We have contacted Jonathan Hill to request being involved in discussions regarding faculty development issues with the Regents.

David Schodt has mentioned that there are monies available from the Bush Grant for travel to explore faculty development models at other institutions. These will be gone at the end of November (or the end of the year). (A group of faculty are traveling to Colorado College in October).

1. Minutes were approved with minor comment.
2. The following deadlines were established for grant proposals and lecture nominations:

Release Time: Nov. 9, 2001 (Friday, Noon)

TCD: Feb. 26, 2002 (Noon Friday)

Summer Grants: Feb. 26, 2002 (Noon Friday)

Leraas: (We will leave this to John Day)

Mellby: April 12th (2002) (Nominations due)

3. Discussion was held over finalizing the FDC 2001-2002 Agenda (to be shared with President Chris Thomforde). It was clarified that this agenda was specifically for the current year and not beyond.

4). The FDC Grant Guidelines were discussed in light of the recent Forum input. We agreed to post a revised, final version of the Released-Time Grants guidelines promptly on the Web in light of the upcoming Nov. 9 noon deadline. Proposal guidelines for the other grants (SAA, TCD) will be forthcoming.

Respectfully submitted,
Eric Cole
