

Faculty Development Committee Minutes: 9-9-99

Present: Hutchins, DeVries, Hanson, Carter

The committee discussed the grant opportunities for the year and picked dates for their submission. It was agreed that a one-page summary would be sent to all faculty, with complete details available on the web site. Ray agreed to write up the summary. There was considerable thought about the stipend/expense issue for the Summer/TCD grants, but no changes were made at this time.

Leraas lectures were discussed; we believe they should be submitted to John Day, Dean for IGS.

Respectfully submitted,

David Carter
