

At the March 2007 faculty meeting the Nominating Committee will make the following motion:

That election of representatives to the following committees be deferred until after the faculty votes on RPC motions to reform curriculum and student life committees: Athletic Committee (2 representatives) Appeals Board, Board of Student Media, ARFAC, GEC, CEPC, IDOCS

Rationale:

The committee reform proposed by RPC envisions merging the existing committees, resulting in a need for fewer representatives. The committee reform will also result in a more streamlined procedure of electing representatives. If any seats remain to be filled, it is anticipated that they will be filled by elections of individual faculties, which are normally held after the April faculty meeting.
