

FINAL FIELD PRACTICUM EVALUATION FORM

Field Coordinator: Naurine D. Lennox, MSW, LICSW
507-786-3350 Holland Hall 213B email: lennox@stolaf.edu
St. Olaf College, 1520 St. Olaf Avenue, Northfield, MN 55057-1098

Name of Student: _____

Practicum Agency: _____

Fieldwork Instructor (s): _____

Outcome 1. _____ Applies critical thinking skills within the context of professional social work practice.

Comment on or give an example of student's application of critical thinking skills.

Outcome 2. _____ Understands and practices according to the value base of the profession and its ethical standards and principles.

Comment on or give an example of the student's awareness of personal and professional values, and/or give an example of an encounter with an ethical or values dilemma. Did the student consult a code of ethics?

Outcome 3. _____ Practices without discrimination. Practices with respect, knowledge, and skills related to clients' age, class, color, culture, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex and sexual orientation.

Comment on or give an example of how the student practices both without discrimination and, skillfully, with an understanding of and respect for the positive value of diversity.

Outcome 4a. _____ Understands the forms and mechanisms of oppression and discrimination and applies strategies of advocacy and social change that advance social and economic justice.

Comment on or give an example of the student's understanding of forms and mechanisms of oppression and discrimination operating in the practicum setting or affecting the practicum client population.

Outcome 4b. _____ Applies strategies of advocacy and social change that advance social and economic justice.

Comment on or give an example of the student's implementing a strategy of advocacy and/or social change that advances social and economic justice based on an understanding of forms and mechanisms of oppression and discrimination operating in the practicum setting or affecting the practicum client population.

Outcome 5. _____ Understands and interprets the history of the social work profession and its contemporary structures and its issues.

Comment on or give an example of the student's understanding of one or more contemporary structures and issues of the social work profession and its history, particularly in relation to the practicum agency and community. Comment on or give an example of the student's understanding of a current issue facing professional social workers in this practicum setting and how professional structures contribute or detract from attempt to deal with those issues.

Outcome 6. _____ Applies the knowledge and skills of generalist social work (observation, engagement, empathy, data gathering, assessment, intervention, termination) (to practice) with systems of all sizes.

Comment on or give an example of student's application of the knowledge and skills of generalist social work to practice with an individual, family, group, organization, and community.

Outcome 7. _____ Uses theoretical frameworks supported by empirical evidence to understand individual development and behavior across the life span and the interactions among individuals and between individuals and families, groups, organizations, and communities.

Comment on or give an example of student's use of one or more theoretical frameworks to understand individual development and behavior across the life span and the interactions among individuals and between individuals and social systems (i.e., families, groups, organizations, and communities). Refer to list of theories provided on page 35.

Outcome 8. _____ Analyzes, formulates, and influences social policies.

Comment on or give an example of student's analysis or formulation of or influence on one or more social policies that have an impact on the client systems, workers, and organization of the practicum setting.

Outcome 9a. _____ Evaluates research studies and applies research findings to practice.

Comment on or give an example of the student's evaluation of research studies and application of their findings to practice.

Outcome 9b. _____ Evaluates their own practice interventions.

Comment on or give an example of student's abilities to evaluate, under supervision, her/his own practice interventions. (Note: The student will submit a report of the required practice evaluation, so this comment maybe brief.)

Outcome 10. _____ Uses (written, oral, and non-verbal) communication skills differentially across client populations, colleagues, and communities.

Comment on or give an example of student's professional communication skills and her/his abilities to use those skills differentially with a variety of client populations, colleagues, and members of the community (Note: Samples may be attached to this evaluation of the students' final report if desired.)

Outcome 11. _____ Uses supervision and consultation appropriate to (generalist) social work practice.

Comment on or give an example of students, ability to use supervision and consultation.

Outcome 12a. _____ Functions within the structure of the organizations service delivery systems.

Comment on or give an example of the student's ability to function within the structure of your organization and its service delivery system.

Outcome 12b. _____ Seeks, under supervision, necessary organizational change.

Comment on or give an example of student's ability to seek, under supervision, necessary organizational change.
