

# ST. OLAF COLLEGE

## *Office of the President*

Dear Karen,

Greetings from the Hill. I hope that you are prospering in your first year out of St. Olaf and that you think of your *alma mater* often.

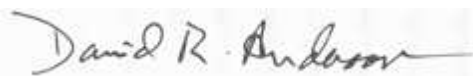

This Friday afternoon I will be joining the Senior Class Gift Committee of the Class of 2008 for the kick-off of the senior campaign. Priscilla and I are again going to provide matching gifts for the class each time they achieve certain benchmarks towards their goal of \$10,000.

Perhaps you remember this time last year when the Class of 2007 began its senior campaign. Your class shattered all records with its 83% participation rate in pledges to the campaign. You are one of those who helped make that happen, and I thank you, most sincerely.

The habits that lead to a lifetime of philanthropy begin early. You are off to a great start, and I am writing to invite you to consider a gift to your College this year as well. The Partners Program hopes to raise \$3.75 million dollars from alumni, parents, and friends of the College to support St. Olaf. Compared to this same date last year, we are already 15% ahead of last year's Partners program in dollars raised and 7% ahead of last year in participation. This support is most encouraging. Your gift—in any amount—received by May 31, 2008 would help us reach and perhaps even exceed our goal.

Thanks for considering this request. I hope to see you soon on campus.

Fram Fram!

David R. Anderson '74  
President
