

Semester II, 2009-2010

116: no registration (81: early grads, completed participators, other non-returning; 35: no submission or no courses)

87: off campus in spring

203: TOTAL not reflected in web registration totals below

Number of students per total number of credits after web registration

NOTE: These results differ from those of previous years in that this year, 1) FYS were not preregistered in advance for GE 111/Religion 121 (a small number of FYS did not get one of these courses via the web process, and we have now manually added the appropriate course to those students' schedules, but that is not reflected in this report; 2) the following numbers do not include Music Performance (music lessons), as the comparable reports have in the past.
