

HOTEL AND ADDRESS LIST - GLOBAL SEMESTER

When writing to a person in this program, the envelope should be addressed in the normal way except that the name of the country should always be in a separate line, example:

John or Jane Doe
Hotel Stars
Chemin de Colovrex
01210 Ferney-Voltaire
FRANCE

In the lower left corner of the envelope should be written: "St. Olaf Program."

Note that airmail is the only acceptable way. You should allow a minimum of ten days for a letter to reach an address. It is not a problem if a letter gets to its destination ahead of the group. It will always be waiting for the addressee.

The post office has available aerograms which can be mailed anywhere in the world at the present rate of 70 cents. Otherwise, airmail postage is 80 cents per ounce. If you send an airmail letter (not an aerogram) and you are writing several pages, it would be best to have it weighed at the post office before mailing.

In the listing below, the first date is the date of arrival, the last is the date of departure. Mail is not delivered on Sundays. Avoid addressing letters to places where the group only spends a few days.

Packages sent to most locations will not arrive intact - they may be searched and items stolen. We recommend that you send packages only to Hong Kong.

GLOBAL SEMESTER ITINERARY; 2002-03

August 31-September 5

Hotel Stars
