VALLEY CREEK COMMUNITY FARM  
SUPERVISOR: OLIVIA FREY

Valley Creek Community Farm is a Community Supported Agricultural (CSA) farm located approximately six miles south of Northfield, MN in Wheeling Township. Members share the benefits and the risks of growing food along with the farmer through this alternative economic arrangement.

- Participated in organic farming practices – planting, watering, weeding, harvesting, and distributing vegetables and flowers.
- Helped to promote sustainable food practices related to preservation, composting, soil and ecosystem maintenance activities
- Contributed to the development of the Valley Creek Community Farm cookbook

“Community Sustainable Agriculture offer communities a chance to reconnect with nature in a way that the modern food industry no longer does.” Chad Goodroad
