PHILIP GEIER

Honorary Degree Recipient

Phil Geier is one of our country's preeminent leaders in international education, and his vision for the 21st century led to the creation of what has since become the largest privately funded international scholarship program in the world: the Davis United World College Scholars Program.

Geier has teamed with philanthropist Shelby M.C. Davis to support over 14,000 students from more than 165 countries to pursue their undergraduate degrees at 100 colleges and universities across the United States. The partnership of Geier and Davis personifies how innovative thinking and the power of private philanthropy can be truly transformative.

Geier also created Projects for Peace, an initiative also funded by Davis philanthropy to incentivize college students to design and implement projects anywhere in the world as building blocks for improving the world. The initiative awards students summer grants of \$10,000 each to make their own "Project for Peace" become real. Since 2007 more than 2,000 Projects for Peace have been implemented in 154 countries.

Geier's passion for a career in international work grew out of a year teaching at the Sorbonne in Paris as a Fulbright lecturer in 1977-78, when he was also sponsored by the U.S. Embassy to give talks on American culture elsewhere in France. He earned his B.A. from Williams College and both an M.A. and Ph.D. from the Maxwell School of Citizenship and Public Affairs at Syracuse University. His career spans university teaching and leadership positions at foundations, nonprofits, and educational institutions. Geier is committed to fostering citizen diplomacy and international understanding through education. He believes that we all need to build cross-cultural skills and attitudes of mutual respect — here in the U.S. and around the world. In recognition of his dedication and achievements, Geier has been awarded 12 honorary degrees as well as Williams College's Bicentennial Medal, the highest award it confers on its graduates.

Geier is married to and works professionally with Amy Yeager Geier, and together they are blessed with three children and seven grandchildren.

THE ACADEMIC PROCESSION

The traditional academic procession introduces many of the more formal and significant events at St. Olaf, as it does on most college and university campuses. Although the history of wearing distinctive apparel as an indication of scholarship and academic rank dates back to 1321, the practice was not adopted throughout the United States until about 1900.

The cap worn almost universally in academic processions is the Oxford cap, better known as the mortarboard. It is always black. A different style, called the Cambridge cap, resembles a large beret. The use of a dark robe in academic processions is thought to have arisen from the clerical practice of wearing a cape or mantle in religious processions in the 12th and 13th centuries, when universities arose from cathedral schools.

Traditionally, gowns are also black. However, a number of universities have adopted alternate gowns that use their traditional school color. The academic hoods, worn around the neck and down the back of the gown, are in the colors of the college or university conferring the degree. The binding or edging of the hood is usually distinctive of the subject to which the degree pertains: economics, copper; education, light blue; fine arts, brown; humanities, white; law, purple;

library science, lemon; medicine, green; music, pink; nursing, apricot; philosophy, dark blue; physical education, sage green; science, golden yellow; social science, cream; social work, citron; speech, silver gray; and theology, scarlet.

IN EXPLANATION

The general honors list includes all full-time students who have a cumulative grade point average, through January term, of cum laude (3.60) or above.

For further information on grade point requirements, visit the St. Olaf Registrar's Office website at stolaf.edu/offices/registrar.

THE RECEPTION

All students, visiting parents, donors of scholarships and awards, and faculty and staff are invited to a reception in the Crossroads of Buntrock Commons immediately following the Honors Day convocation.

THANK YOU!

Today we celebrate the academic accomplishments of Oles and the people who helped them succeed.

Over the years, donors have generously endowed 869 scholarship funds, paving the way for thousands of students to achieve academic success at St. Olaf. During the 2023–24

academic year, endowed scholarships helped 1,258 students afford a St. Olaf education on the Hill and study away/abroad. These students received a combined \$9.89 million in scholarship support from endowed scholarship funds. Thank you!
