

Student Scholarship Application for the USITT National Conference

supported by the Northern Boundary Section of USITT

Application guidelines:

Students wishing to apply for the NBS/USITT scholarship must be a registered student in good standing in an institution within the Northern Boundary Section area. The student must also be a member of Northern Boundary (membership fee of \$5.00 may accompany application for scholarship). The student must be sponsored by a current faculty member of their institution. Students awarded the scholarship are required to submit an article about their experience at the Conference for publication in the issue following the conference and attend the section meeting at the USITT Conference. The registration fee is paid with the intention that the student will not "work" the conference.

Review process

Application deadline is Oct. 15 of each year to meet the very early registration deadline for the conference. Applications will be reviewed by five members of NBS appointed by the chair. Notification of award will be made in time for early registration.
