HOLD ON TIGHT!

ROCK & ROLL REVIVAL March 8-10, 15-17, 2024 Northfield Middle School

DIRECTOR'S NOTES Motown star Martha Reeves has stated very clearly that one of the most important reasons for the rise of Motown records was the quality of music programming in Detroit Public Schools. We certainly aren't Motown, but anyone who has seen this show knows that it's special. None of this would be possible without the work of our Northfield Public School music teachers. Please support music in our schools by attending concerts, voting to support funding for music in our schools, and encouraging young people to join choir, orchestra and band.

Being a part of this show is one of the great joys of my life. Working with the adult creative and technical staff to shape the show, helping our cast grow in their confidence; seeing how these young people treat each other with kindness; witnessing first hand their care for each other and their desire to make THEIR show the best it can be—these things are life-changing for everyone involved. On behalf of the many, many people who helped to make this possible, thank you for being here and thank you to every single person who supports this endeavor in any way.
